Attachments: [2007 MY Dodge Ram Pick-up with Cummins\(short ver.\).ppt](#)

Merrylin,

Dan and I looked at the Cummins briefing and decided that it made sense to make the material less confusing by focusing on the single AECD that we have issues with and moving the information on the other three AECDs to the appendix. The rest of the material is unchanged. It also addresses California's thoughts. If you have a chance, please look at this version (it is dated).

Regards,
Linc
